

My ADSL Modem

Ethernet/USB ADSL Modem Router

**MICRO
FILTER
INSIDE**
Use your existing phone line

Connect via
Ethernet or USB

Easy install for
Australian ISPs

Your essential high-speed ADSL connection for home or office

Fully functional ADSL Modem

10/100 Ethernet and USB port for easy connection to a single PC

NB3

Now you can enjoy ADSL (Asymmetric Digital Subscriber Line) technology to access the Internet at speeds up to 150 times faster than a 56K dial-up – quickly and easily.

This is the essential ADSL modem and router that you need to activate and operate a broadband ADSL Internet service. Containing everything you need to get up and running with one computer, the NetComm NB3 is an indispensable part of broadband success.

EASY INSTALL & SET-UP

You can install the NetComm NB3 in minutes, using NetComm's set-up that has been specially developed for Australian ISPs.

You can use your NB3 to establish an ADSL connection on a single PC simply by using the USB port. Or you can connect to your ADSL connection by using the NB3's built-in Ethernet port.

The NB3 employs the latest protocols and has been thoroughly tested for full compliance with Australian conditions. And you can rest easy that you have bought another reliable product from NetComm, Australia's only data communications company. Since 1981, Australians have relied on NetComm to meet their data communication needs.

Supports RFC1483 (Ethernet over ATM), RFC2364 (PPP over ATM), RFC2516 (PPP over Ethernet), and RFC1577 (Classical IP over ATM) data encapsulation formats

DMT modulation and demodulation

Full-rate adaptive modem

MAX DOWNSTREAM rate 8Mbps
MAX UPSTREAM rate 800Kbps

USB interface

Compliant with USB 1.1 specification

Ethernet interface

Compliant with IEEE 802.3 standard 10BaseT/100BaseTX, 10/100 Mbps

Auto-selection of which host interface is active

H web-based management access via SNMP, http and CLI (over Telnet and RS-232)

DSL-aware ATM shaper supports UBR, GFR, CBR and VBR traffic

Embedded NAT firewall and IP filtering

OPERATING SYSTEM SUPPORT

Windows® 98/98SE/2000/ME/XP

Windows® NT (Ethernet port only)

Mac OS 9.x/10.x (Ethernet port only)

SPECIFICATIONS

Dimensions

139mm x 114mm x 27mm

LEDs

PW	power
LK	solid when ADSL in show-time; flashing when ADSL establishing show-time
Ethernet	LINK/ACT LEDs: Green 100M Yellow 10M

Interface

RJ-11	One standard RJ-11 connector for ADSL line-in
RJ-45	One standard RJ-45 connector to connect to PC (integrates 10/100M LINK/ACT LEDs)
USB	One standard USB connector to connect to PC
Reset	Push to reset to factory defaults
Power	One power connector 12V DC

Environmental

- Operating temperature 0~50° C
- Humidity 10~90% non-condensing

Power requirements

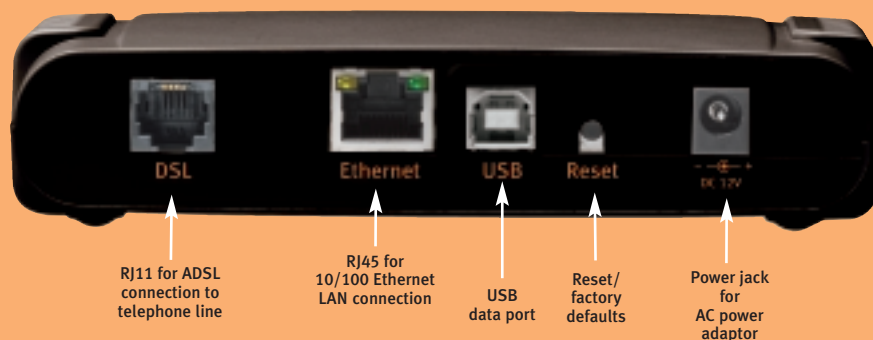

12V DC

3 YEAR WARRANTY*

1 year warranty out of the box. Extra 2 years **FREE** with online registration at www.netcomm.com.au
* Conditional upon registration online.

PACKAGE CONTENTS

- NB3 ADSL Ethernet/USB Modem
- Cat-5 RJ45 straight-through Ethernet Cable
- RJ11 Line Cord
- USB Cable
- EM1100 MicroFilter
- 605 to RJ11 Line Adaptor
- Power Pack 12V DC
- Driver/Manual/Utility Software CD
- Installation Guide
